Dear Sir or Madam,

My name is Cesar Navarrete Rico, I am very grateful for the opportunity to introduce myself, due to your busy schedule. I am at the moment in high school and I am very serious and interested in pursuing a business occupation, financing, and leadership. I have had a few experiences from an academic standpoint, extracurricular activities, and personal growth. I have developed valuable skills that I believe will help me succeed in both college and future career opportunities.

Throughout high school, I have been involved in CTCL for three years as a member and have consistently worked to improve myself academically and personally. I have worked hard and even was able to be granted an Honor Roll recognition during both my 9th and 10th grade years for maintaining a 3.0 GPA. In addition to academics, I have developed technical and professional skills such as coding in JavaScript and CSS, typing 60 words per minute, multitasking, problem-solving, patience, and the ability to help de-escalate difficult situations.

I have also dedicated time to giving back to my community through volunteer work. At Present Valley Christian Center, I assisted by helping them hand out boxes of food to those who are in need of it. I was able to complete approximately 23 hours of service. I also volunteered at Dawson and Bishop Elementary, where I assisted teachers with classroom tasks and supervised children for approximately 27 hours. These experiences strengthened my communication, responsibility, teamwork skills, and the ability to remain patient when things get difficult.

Outside of school and volunteering, I participated in boxing for one year and I continue to do so. Managing to earn awards for completing both the beginner and masterclass programs. Boxing helped me build discipline, confidence, perseverance, and mental toughness. I consider my greatest personal asset to be my unbreakable resolve, which motivates me to continue working hard toward my goals even when facing challenges.

After graduating high school, I plan to pursue a business major and continue working toward a career as a Financial Adviser, Financial Analyst, or Logistics Manager. I am interested in attending schools such as West Hills College, Fresno State, or San Diego State. I also gained work experience as a cleaning assistant, where I learned the importance of responsibility, consistency, maintaining a strong work ethic, and additionally I learned how to be thorough with my work.

I would appreciate the opportunity to continue growing academically and professionally while contributing positively to any organization or school community I become part of. Thank you for

your time and consideration. I look forward to any future opportunities and appreciate your support.

Respectfully,

Cesar Navarrete Rico
